Subpart B—Requirements

§ 355.21 Regulatory review.

(a) *General.* Each State shall annually analyze its laws and regulations, including those of its political subdivisions, which pertain to commercial motor vehicle safety to determine whether its laws and regulations are compatible with the Federal Motor Carrier Safety Regulations. Guidelines for the regulatory review are provided in the appendix to this part.

(b) *Responsibility.* The State agency designated as lead agency for the administration of grants made pursuant to part 350 of this subchapter is responsible for reviewing and analyzing State laws and regulations for compliance with this part. In the absence of an officially designated Motor Carrier Safety Assistance Program (MCSAP) lead agency or in its discretion, the State shall designate another agency responsible to review and determine compliance with these regulations.

(c) *State review.* (1) The State shall determine which of its laws and regulations pertaining to commercial motor vehicle safety are the same as the Federal Motor Carrier Safety or Federal Hazardous Materials Regulations. With respect to any State law or regulation which is not the same as the FMCSRs (FHMRS must be identical), the State shall identify such law or regulation and determine whether:

(i) It has the same effect as a corresponding section of the Federal Motor Carrier Safety Regulations;

(ii) It applies to interstate commerce;

(iii) It is more stringent than the FMCSRs in that it is more restrictive or places a greater burden on any entity subject to its provisions.

(2) If the inconsistent State law or regulation applies to interstate com-

merce and is more stringent than the FMCSRs, the State shall determine:

(i) The safety benefits associated with such State law or regulation; and

(ii) The effect of the enforcement of such State law or regulation on interstate commerce.

(3) If the inconsistent State law or regulation does not apply to interstate commerce or is less stringent than the FMCSRs, the guidelines for participation in the Motor Carrier Safety Assistance Program in §§ 350.341, 350.343, and 350.345 of this subchapter shall apply.

[57 FR 40962, Sept. 8, 1992, as amended at 65 FR 15109, Mar. 21, 2000]

§ 355.23 Submission of results.

Each State shall submit the results of its regulatory review annually with its certification of compliance under § 350.209 of this subchapter. It shall submit the results of the regulatory review with the certification no later than August 1 of each year with the Commercial Vehicle Safety Plan (CVSP). The State shall include copies of pertinent laws and regulations.

[65 FR 15109, Mar. 21, 2000]

§ 355.25 Adopting and enforcing compatible laws and regulations.

(a) *General.* No State shall have in effect or enforce any State law or regulation pertaining to commercial motor vehicle safety in interstate commerce which the Administrator finds to be incompatible with the provisions of the Federal Motor Carrier Safety Regulations.

(b) *New state requirements.* No State shall implement any changes to a law or regulation which makes that or any other law or regulation incompatible with a provision of the Federal Motor Carrier Safety Regulations.

(c) *Enforcement.* To enforce compliance with this section, the Administrator will initiate a rulemaking proceeding under part 389 of this subchapter to declare the incompatible State law or regulation pertaining to commercial motor vehicle safety unenforceable in interstate commerce.

(d) *Waiver of determination.* Any person (including any State) may petition for a waiver of a determination made

Pt. 355, App. A

under paragraph (c) of this section. Such petition will also be considered in a rulemaking proceeding under part 389. Waivers shall be granted only upon a satisfactory showing that continued enforcement of the incompatible State law or regulation is not contrary to the public interest and is consistent with the safe operation of commercial motor vehicles.

(e) *Consolidation of proceedings.* The Administrator may consolidate any action to enforce this section with other proceedings required under this section if the Administrator determines that such consolidation will not adversely affect any party to any such proceeding.

APPENDIX A TO PART 355—GUIDELINES FOR THE REGULATORY REVIEW

Each State shall review its laws and regulations to achieve compatibility with the Federal Motor Carrier Safety Regulations (FMCSRs). Each State shall consider all related requirements on enforcement of the State's motor carrier safety regulations. The documentation shall be simple and brief.

SCOPE

The State review required by §355.21 may be limited to those laws and regulations previously determined to be incompatible in the report of the Commercial Motor Vehicle Safety Regulatory Review Panel issued in August 1990, or by subsequent determination by the Administrator under this part, and any State laws or regulations enacted or issued after August 1990.

APPLICABILITY

The requirements must apply to all segments of the motor carrier industry common, contract, and private carriers of property and for-hire carriers of passengers.

DEFINITIONS

Definitions of terms must be consistent with those in the FMCSRs.

DRIVER QUALIFICATIONS

Require a driver to be properly licensed to drive a commercial motor vehicle; require a driver to be in good physical health, at least 21 years of age, able to operate a vehicle safely, and maintain a good driving record; prohibit drug and alcohol abuse; require a motor carrier to maintain a driver qualification file for each driver; and require a motor carrier to ensure that a driver is medically qualified.

49 CFR Ch. III (10–1–06 Edition)

NOTE: The requirements for testing apply only to drivers of commercial motor vehicles as defined in 49 CFR part 383.

DRIVING OF MOTOR VEHICLES

Prohibit possession, use, or driving under the influence of alcohol or other controlled substances (while on duty); and establish 0.04 percent as the level of alcohol in the blood at which a driver is considered under the influence of alcohol.

PARTS AND ACCESSORIES NECESSARY FOR SAFE OPERATION

Require operational lights and reflectors; require systematically arranged and installed wiring; and require brakes working at the required performance level, and other key components included in 49 CFR part 393.

HOURS OF SERVICE OF DRIVERS

Prohibit a motor carrier from allowing or requiring any driver to drive: More than 10 hours following 8 consecutive hours off duty; after being on duty 15 hours, after being on duty more than 60 hours in any 7 consecutive days; or after being on duty more than 70 hours in any 8 consecutive days.

Require a driver to prepare a record-of-duty status for each 24-hour period. The driver and motor carrier must retain the records.

INSPECTION AND MAINTENANCE

Prohibit a commercial motor vehicle from being operated when it is likely to cause an accident or a breakdown; require the driver to conduct a walk-around inspection of the vehicle before driving it to ensure that it can be safely operated; require the driver to prepare a driver vehicle inspection report; and require commercial motor vehicles to be inspected at least annually.

HAZARDOUS MATERIALS

Require a motor carrier or a person operating a commercial motor vehicle transporting hazardous materials to follow the safety and hazardous materials requirements.

STATE DETERMINATIONS

1. Each State must determine whether its requirements affecting interstate motor carriers are "less stringent" than the Federal requirements. "Less stringent" requirements represent either gaps in the State requirements in relation to the Federal requirements as summarized under item number one in this appendix or State requirements which are less restrictive than the Federal requirements.

a. An example of a gap is when a State does not have the authority to regulate the safety of for-hire carriers of passengers or
